Highly Selective College Admissions for Homeschoolers:

<http://homeschoolsuccess.com/highly-selective-college-admissions-for-homeschoolers/>

This article lists important information for all students applying to colleges:

Earn good grades in challenging high school classes every year;

Make a four-year plan for high school (a good way to avoid “senioritis”!);

Take advantage of AP and dual credit opportunities;

ACT, SAT, SAT Subject Tests, and AP scores, along with dual credit grades, validate learning.

This article reminds readers that some test-optional institutions require testing for students who have homeschooled. Standardized tests are not always required for admission to community colleges—check individual school sites for specific information for each institution.

For standardized testing information, see <http://homeschoolsuccess.com/tests-every-homeschooler-should-know/>
